Question:	What other comments do you have about the strengths and weaknesses of this course?
Response Rate:	62.50% (5 of 8)
1	This course definitely teaches you a lot. It was great.
2	The grading percentage is unfair, to make an exam 45 percent of the grade almost half of your grade is not realistically setting students out to succeed in a course
3	The Professor let us work at our own pace, had entertaining and interesting ways of discussing the things we were learning, and all together was a joy to learn from.
4	It is a good course to take.
5	I really enjoyed the course and learning about the history of film. All the movies that were required to watch were all so good and definitely made my taste for movies different. The only downside to this course was that I had to rent a lot of them on Amazon and had to spend money on that.

2 For this Independent Study course I had Yeojin Kim. She was always available and responded right away when I asked questions. This course pushed my writing boundaries and I found this class to be really interesting because the student was in charged of everything.
