2	The website supplied and created by the professor was 10/10. This is what professors should use as a model for any 200 level and beyond courses. Wonderful execution and the information along with the videos were absolutely awesome. If I could tip him I would.. you guys should tip him or give him a bonus for all the work he put in.
3	The course contents were extremely organized and easy to follow.
4	I like it would be very helpful to virtually meet as a class at least once a month for discussions and questions and an overall better engagement.

2	This was one of the best online courses I have taken. It was interactive and our work had meaning.
3	Some of the material I am familiar with doing.
4	None
5	I think overall for a remote class it's good but I feel as if it could have been better if we still had the ability to go to a class
6	I really like how informative it has been
7	I have learned how to analyze film and gained a strong understanding of filmic narrative. No weaknesses to the course – everything ran smoothly especially given the online nature of the course. His website was very well-done and easy to navigate.
8	Having an external website to reference for the course content made it hard to navigate at first. Also, I felt confused by the grading system for the papers and discussion posts.
9	Great professor, and overall very enjoyable course
10	Great professor
11	Great class, great professor
12	Good class overall. Really enjoyed the way it was presented to students. Only weakness at times I felt it was hard to find specific information in readings.

13 As a movie buff myself I was very excited to take a class all about the aspects of movies. This class has provided me with new terms, new concepts as well as movies I would not have watched before. I really enjoyed it and all of the opportunities to analyze different types of work.
