Question:	What other comments do you have about the strengths and weaknesses of this course?
Response Rate:	55.56% (5 of 9)
1	There is just a lot of reading to be done in the course and anybody who is taking this course is probably working or like me taking 4 other classes where this reading is almost impossible to complete. Especially when the tests were sprung on us with no less than a week to prepare, nothing was due week by week so it was easy to fall behind.
2	The course was solid, but mostly stuff I learned before.
3	Nothing really.
4	N/A
5	I would say the weakness is I didn't feel connected with my professor or my classmates.

4	I learned so much from this class. It was a lot of reading, but I feel like I'll be leaving this class with a greater understanding of the media I want to work within my professional career. I think very few classes are practical for everyday life, but this one is.
5	For question 8: I don't actually know my current grade because the professor does not release any other grades to students besides the exams. This course had some interesting material but felt dry at times.

- The pandemic made it difficult, but we were able to adapt and make it work.
- For this Independent Study course I had Yeojin Kim. She was always available and responded right away when I asked questions. This course pushed my writing boundaries and I found this class to be really interesting because the student was in charge of everything.

Question:	What other comments do you have about the strengths and weaknesses of this course?
Response Rate:	16.67% (1 of 6)
1	The discussion posts were very helpful in preparing for the exams. However, there were some topics where we skipped having a discussion post, and it makes me feel less confident about those going into the final, since there was a lot of material to sort through and the discussions helped focus on the most important ideas.

Response Rate:	60.00% (6 of 10)
1	Was pretty steady, which was nice. Towards the end of the semester it just felt like a lot. Having discussion posts and a case study, on top of a final was very stressful.
2	The readings are concise and help me understand the topic, but the course is overly reliant on discussion boards that I feel don't assist me in my understanding of the course and should be optional. Furthermore, my computer screen is too small to reach the links to the final two or three units in the drop down menu and this drop down menu is not scrollable.

6	Good professor but needs help with the blackboard
